---	--------------------------	----------------------	--

This is a legal contract between the Party Captain, the members of the party, and Bull-eh-dia's Tapas Bar. Party must start on time, we allow 15minutes for your party to take their seats at the tables prior to the party start time. For example, if your party starts at 6pm, we will have the tables ready at 5:45pm so your party can sit down prior to the party start time. Water and drinks will be served first at the party starting time. All Tapas will be served 15 - 30 minutes after the starting time of the party. For example, if your party start time is 6pm then the Tapas will start being served at 6:15pm or 6:30pm. If your party does not arrive on time and the drink service has to start late, your party end time will still be the same and you will lose that time of your party. Parties that have not shown 30minutes after start time will be cancelled and the booking will be **null&void** and the deposit will not be refunded. If your party shows up after 30minutes we will try to seat you in the open tables of the restaurant but we can not guarantee your group will be together. Also, if your party is more than 30minutes late, all ordering will take place from the menu due to the fact that the party was **null&void** and the 25% deposit is nonrefundable and is not to be used toward regular menu ordering. All additional food items and drink items that are ordered are in addition to the costs of the reserved party. For example, somebody wants to try additional dishes off the menu or would like a different drink then the drinks that were part of the party package, these items will be billed at regular menu pricing on separate tabs that will be opened on a per person basis. To open a tab, the party member must have a valid I.D. and a major credit card. To consume alcohol, you must be 21 years of age or older, and need a valid identification. If party members can not show valid identification then they will not be able to consume alcohol. The final payment will be made before the party takes their seats. The Party Captain should direct all party members to wait at the bar until the entire party arrives. Once the Party Captain has settled payment with the floor manager, the floor manager will tell the Party Captain to gather their party and guide all the members of the party toward the reserved section. The floor manager will also help in guiding guests to the tables after final payment has been made. The final payment will be made with one credit card. The total payment will have the following charges: 1)set-up fee 2) total food and liquor 3) tax and 4) an 18% gratuity. If you feel the service was better than 18% gratuity you can give additional gratuity to your servers that day/evening in cash or by credit card. Renting out the restaurant is also an option, ask a manager to speak with the owner if you have an interest in renting out the restaurant for your private party. Some terms can be negotiable based off different group parameters.
